Champions have the passion to strive and surpass their personal goals because they are relentless and consistent. Being resourceful is different from using your resources. Being resourceful centers on being able to make the most of a situation with the immediate amenities you have at hand. Resourcefulness incorporates perspective, innovation, and the ability to create solutions in a way that may be different from the usual. Most people don't see the world as it is; they see it as they are. The resourceful champion sees the bigger picture.
