

The Specialist Agile Business Leader®

"Having Industry Knowledge, Operational Intelligence and Ethical Practices"

Customized Program For Your Organization's Needs

Specialists use their role to gain knowledge, expertise, and wisdom from the collective intelligence of the people around them. They strive to grow their knowledge and expertise base continually and convert it into value for the organization.

What Participants Will Learn To:

The Specialist responds to the realities of needing to be people-focused while needing to have the capabilities to achieve. Specialists are focused on helping the business grow its technical, profit, and governance capabilities.

Four traits make up the role of the ABL Specialist:

- Industry Knowledge
- Operational Intelligence
- Specific Expertise
- Corporate Accountability

The ABL Specialist amalgamates four traits with the following five competencies in order to leverage a unique market positioning and sustain future growth.

These five Specialist competencies along with the competencies of the Champion, Strategist, and Enabler dictate that leaders have the following:

Industry Knowledge:

1. Understand industry trends.

Operational Intelligence:

2. Build quality systems.
3. Build a reservoir of internal and external operational expertise.

Specific Expertise:

4. Consistently update their specialist knowledge.

Corporate Accountability:

5. Exemplify corporate governance.

Our Approach:

Our approach to this requirement is pure and simple: to equip global leaders to perform with excellence. The program is designed to enable participants to do their jobs better, faster, more accurately and efficiently through a combination of education and learning activities.

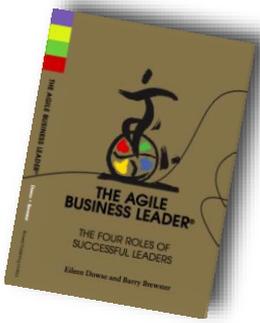

Who Should Attend:

The program is designed to provide leaders with a primer on practices and tools for functioning in a world of complexity, chaos, interdependency and ambiguity. Based on your needs, we will customized the established program to meet your goals.

The Specialist ABL® Specialists aggressively hunt and gather ideas and opportunities before others are even aware of the need. They study trends and technological developments and are focused readers. As sponges for information and experiences, Specialists know that a highly diverse and broad base of knowledge and experience will enable them to assimilate novel ideas and connect seemingly disparate pieces of information. Specialists are able to analyze a situation quickly, make decisions, and act on opportunities. People will Specialist traits search out new ways to form shortcuts to slash red tape.

Dr. Eileen Dowse, an Organizational Psychologist, and Barry Brewster, a behavioural Scientist, are the authors of The Agile Business Leader®. Both serve on the Board of The International Institute of Facilitation which certifies Master Facilitators.

The Agile Business Leader® (ABL) provides a practical perspective on what makes the best leaders so successful. This leadership model is based on the fundamentals of positive psychology, which assists leaders in expanding their thinking, building on their strengths, enlisting support for action and implementing plans.
